PROFESSIONAL SUMMARY

Motivated **Software Engineer** with **1.5 years of experience** in **data annotation**, specializing in enhancing **AI/ML model accuracy by 80%** and streamlining workflows to improve operational efficiency by **15%**. Proficient in programming, data visualization, and project coordination, with certifications in **IBM Professional Data Analysis** and **Project Management**. Adept at using cutting-edge tools to deliver high-quality solutions. Seeking entry-level roles in **Software Engineering** or **Project Management** to drive innovation and efficiency.

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL, C++, C#, Java
 - **Data Analysis & Visualization:** Google Colab, Jupyter Notebook
 - **Development Tools:** Visual Studio Code, Git, GitHub, Android Studio
 - **Project Management Tools:** Jira, Trello, Confluence, Slack
-

PROFESSIONAL EXPERIENCE

Data Annotator

Motive | <https://gomotive.com> | San Francisco, United States (Remote)

Oct 2023 – Present

- Improved **AI/ML model accuracy by 80%** through precise data labeling and risk identification.
- Collaborated with R&D teams to develop safety features, ensuring **timely task completion**.
- Streamlined workflows, increasing operational efficiency by **15%** in a 24/7 environment.
- Delivered high-quality datasets, enhancing product development and reducing errors.

Data Analyst Intern

CodeClause | <https://codeclause.com> | Vadgaon, Pune, India (Remote)

Aug 2023 – Sep 2023

- Reduced data errors by **30%** through data cleaning using **Python** in Google Colab.
- Implemented ML models with an **85% accuracy rate**, producing actionable insights.
- Created visualizations in Python for stakeholder decision-making, improving communication.

Data Analyst Intern

Tata Group | <https://www.tata.com> | Mumbai, India (Remote)

Jul 2023 – Aug 2023

- Ensured **100% adherence** to data analysis standards during project coordination.
 - Improved data accuracy by **25%** by identifying and resolving discrepancies.
-

EDUCATION

Bachelor's in Software Engineering

Air University, Islamabad, Pakistan | 2019 – 2023

- **Relevant Courses**
Object-Oriented Programming, Big Data, Database Management Systems, Visual Programming, Data Structures and Algorithms, Software Quality Assurance, Software Project Management
-

CERTIFICATIONS

- **IBM Professional Data Analyst** (2023, Coursera)
- **Project Management:**
 - *Getting Started with Project Management*
 - *Improving Your Project Management Skills*
